SAN FRANCISCO
LEGEND

HLTNS — NORTH

Airports having Control Towers are shown in Blue, all others in Magenta. Consult Airport/Facility Directory (A/FD) for details involving airport lighting, navigation aids, and services. All times are in Coordinated Universal Time (UTC).

AIRPORTS

- Other than hard-surface runway
- Hard-surface runway longer than 8069 ft. or some multiple runways less than 8069 ft.
- Hard-surface runway shorter than 8069 ft.
- Heliport
- Seaplane Base
- Open air military hard-surface runway, other than hard-surface runway
- Military - Other than hard-surface (all military airports are identified by abbreviations APR, NAS, AAF, etc. only)

Abandoned, closed, or under construction (longest runway 3000 ft. or greater)

Abandoned, closed, or under construction (longest runway less than 3000 ft. or greater)

Runway shown as dashed during normal evening operating hours (sunset to sunrise) and fully lighted during evening hours are blue thru 73 (1200 AJK to 0159 BL). Consult A/FD for availability of airports with hard-surface runways greater than 8069 ft.

Rotating airport beacon in operation Sunset to Sunrise

OBSTRUCTIONS

Obstruction lighting not always shown

- 1000 ft and higher AGL
- Below 1000 ft AGL
- Wind Turbine
- Group Obstruction
- Obstruction with high-intensity white obstruction lights
- Elevation of the highest obstruction shown near this feature. Use caution when flying near unidentified or unlighted obstructions. Where obstruction density is considered excessive, only highest obstruction is charted.
