SAFETY ALERT

Date: September 23, 2016

To: Users of: digital-Terminal Procedures Publication (d-TPP)

From: Aeronautical Information Services

Subject: Main page missing from DEHAN ONE (RNAV) ARRIVAL in browser search
at Henry County Airport (HMP), Hampton, GA

Missing 'C' flag for VOR RWY 22 procedure in browser search for Sheboygan
County Memorial (SBM), Sheboygan, WI

In the digital-Terminal Procedures Publication, effective September 15, 2016 (1610 cycle), the following errors have been reported in the xml file and resulting web browser searches at two separate airports:

The main page for DEHAN ONE (RNAV) ARRIVAL, Original procedure, is missing from the web browser search function when "HMP" is chosen for Airport Identifier. The Continuation Page for this STAR is shown, but the link is absent for the main page. The main page is viewable, via links, from all other following airports served by this Area STAR; 'PDK','FTY','KMGE','LZU','CCO','FFC','CVC','CTJ','6A2','VPC','RYY','D73','PUJ'; and you may view it by choosing one of them. The web browser link for DEHAN ONE (RNAV) ARRIVAL at (HMP) will be corrected in the October 13, 2016 (1611) charting cycle.

The 'C' flag is missing from the VOR RWY 22 procedure at Sheboygan County Memorial (SBM), Sheboygan, WI. The absence of a 'C' flag would indicate that the procedure was not worked for the cycle, when in fact it was updated. However, the correct file is viewable when the link is chosen.

A replacement XML file can be found for the 09/15/16 (1610) cycle by clicking on the following link: http://aeronav.faa.gov/d-tpp/1610/xml_data/d-TPP_Metafile_revised.zip
