# SAFETY ALERT

Date: October 26, 2016

To: Users of: digital-Terminal Procedures Publication (d-TPP) and FTP uploads

From: Aeronautical Information Services

Subject: d-TPP xml file, effective for 1612 cycle (11/10/16 effective date), shows incorrect 'C' flag instead of 'D' flag for useraction code field at (BTI) for Takeoff Minimum

---

XML file for d-TPP DVD and FTP uploads for Takeoff Minimums record at Barter Island LRRS, Barter Island, AK (BTI), effective 1612 d-TPP (11/10/16) shows incorrect 'C' flag instead of 'D' flag for useraction code field.

Below is a snapshot of the corrected portion of the XML file for (BTI), where useraction is 'D' and DELETED\_JOB.PDF replaces AKTO.PDF (the file remains, but (BTI) is no longer included in it):

```
<chart_name>TAKEOFF  
MINIMUMS</chart_name><useraction>D</useraction><pdf_name>DELETED_  
JOB.PDF</pdf_name>
```

You may download the correct XML file for (BTI) Takeoff Minimum record at [http://aeronav.faa.gov/d-tpp/1612/d-TPP\\_Metafile.xml](http://aeronav.faa.gov/d-tpp/1612/d-TPP_Metafile.xml). A replacement DDTPPE\_201612.zip file, including the replacement XML file, has been uploaded to all FTP folders.
