

COLD TEMPERATURE AIRPORTS
10 Sep 2020 – 12 Aug 2021

Airports are listed by ICAO code, Airport Name, Temperature Restriction in Celsius. The temperature is indicated on Airport IAPs next to a snowflake symbol, -XX°C in the United States Terminal Procedures Publication (TPP). The segments are listed for operators using Individual Segment(s) Method. TPP temperatures associated with snowflake symbol should be updated by Sep 10, 2020.

See, Aeronautical Information Manual (AIM), Paragraph 7-3-4, Cold Temperature Airports, for information and procedures.

Additional Information: The following military airfields meet the criteria to be identified as a Cold Temperature Restricted Airport using the FAA cold temperature model. USAF, USA, USM, USN and USCG are not required to adhere to the procedures found in this NTAP at these airfields. This information is applicable to FAA authorized operators operating into these airfields.
